

LABOR LEADER WILL SPEAK THIS EVENING

Tonight at the Airdome theater at 8:15, Mr. Edmond H. Lomasney, one of the greatest labor speakers of San Francisco labor councils, will address the voters upon the great issues involved in the present campaign.

Mr. Lomasney has been holding big meetings all over Nevada and talks upon the child labor laws, women's suffrage question, Pittman's land bill and all of the national questions which have been so vividly portrayed during the present campaign.

At Virginia City, McGill and Ely the miners turned out en masse and gave him one of the greatest ovations ever accorded a labor speaker. With the election now only a week away the people are becoming worked up to fever heat and are more than anxious to hear all sides of this.

the greatest controversy ever presented to the people. The election of Hughes, as the campaign enters its last stage, is practically conceded and the late reports from the east today show the laboring men are becoming wise to the many false bills, especially the Adamson eight hour bill, that have been passed solely for political purposes, and are returning to the Republican party by droves. This has led the Democratic campaign managers to use every artifice at their command to try and stem the tide from Wilson.

Mr. Lomasney tonight will deal with conditions in the east and south from personal contact as a laboring man from those sections.

Don't forget the place: Airdome theater, at 8:15 o'clock tonight. Everybody welcome.

STUDENTS WORK HARD TO GAIN SCHOLARSHIP

MUST MAKE STANDING OR CAN NOT PARTICIPATE IN FOOTBALL

Members of the football team who are at all near the ragged edge of failure in any subject are busily engaged in making up any necessary back work to make them safe. No one will be allowed to make the trip to Bishop who is not meeting all the scholastic requirements—and, of course, every man on the team wants the opportunity to make this trip. The team will leave Tonopah on Friday morning by autos and probably will reach Bishop the same evening. This will give the boys time to get the proper rest and practice on the enemy's field before the game on Saturday afternoon. Bishop came to Tonopah last year and walked off with the bacon. Tonopah is eager to reverse the proceeding the present year. This will doubtless be one of the hardest games for the Tonopah boys for the year, as the "pumpkin huskers" have the weight as well as the endurance that compels the opposing team to put up the best that is in them during every minute of the game.

The first game of the season to be played on the home field will be with Reno on November 11.

If President Wilson were really earnest in telling the suffrage women "I come to fight for you" he would have put a suffrage measure through congress by the same stop watch method that he used to force the railway wage increase bill through.

Shadow Lawn, as a residence for the next few weeks, will give its occupants an opportunity to get accustomed to the after election gloom.

Here is reason enough why Mr. Wilson should be defeated. Why should Mr. Hughes be preferred? Gifford Pinchot, the Progressive, answers, giving facts to support his statement: "Hughes is a man of his word. . . . I cannot vote for Wilson because I cannot trust him. He does not do what he says. Hughes does. Therefore my choice is Hughes."

DENIAL MADE OF VERY SERIOUS STATEMENT

MEXICAN GOVERNMENT DISCLAIMS RESPONSIBILITY FOR REMARKS

(By Associated Press.) WASHINGTON, Oct. 31.—The statement attributed to Luis Cabrera, Mexican minister of finance, assailing American officials for alleged laxity in suppressing anti-Carranza agitators along the border, became a closed incident when Arredondo called on Secretary Lansing under instructions of his government and disclaimed responsibility. Cabrera previously denied he made the statement.

WILSON FLEXIBILITY.

We do not see why there should have been any stir in the senate over the discovery that President Wilson has completely reversed himself in the matter of the proposed child labor law. Senator Borah was able to show that Mr. Wilson described this legislation in his "Constitutional Government" as unconstitutional, an "obviously absurd extravagance," carrying the congressional power to regulate commerce beyond the "utmost boundaries of reasonable and honest inference," and making it possible, if sustained, for congress to legislate over "every particular of the industrial organization and action of the country." That, we must confess, has also been the Evening Post's view. But the Evening Post and Senator Borah are old fogies, dating back to the time when it was the custom to have fixed beliefs and principles and stick to them. The senator has evidently not read Mr. Wilson's letter in explaining his change of front on the tariff commission—that it is only a narrow man, whose mind is stupidly closed to new ideas, who does not alter his opinions. By this test Mr. Wilson is obviously one of the broadest minded men this country has ever produced, for he has changed his mind to date on the initiative, referendum, recall, woman suffrage, the tariff commission, tariff for revenue only, a permanent diplomatic service beyond politics, the merit system in the civil service, the proper place of Taum Sauk in the scheme of the nation, child labor legislation, preparedness, Bryan, a continental army—but why continue? It is a long enough list to prove that Mr. Wilson's political views are not fossilized by any fear or inconsistency.—New York Evening Post.

BUILDING EXTENSION TO WHITE CAPS MILL

There are 22 men employed in surface work at the White Caps property at Manhattan. They are excavating for ore bins, rolls, roaster and cyanide plant. A portion of the new plant is already being installed and the process will be in operation about February 1. A force of men is at work sinking the shaft from the 310 to 435 level. It will be three compartments and as soon as this is completed a raise will be run to make it full three compartments to the surface, when a heavier plant of machinery will be installed.

GERMAN EMBASSY IS ANALYZING THE CASE

(By Associated Press.) WASHINGTON, Oct. 31.—The German embassy does not believe that the evidence will show that the pledges given the United States were violated in sinking the steamship Marina. It is said at the embassy that if the commander of the submarine exceeded his orders his action would promptly meet with severe punishment. Embassy officials feel that the dispatches saying the Marina was shelled indicated that she was trying to escape.

DRAINING EXTENSION

The Victor shaft is now down 142 feet from the 1540 level. It is making considerable water, but it is easily handled by the pumps. The deepening of the shaft is draining the bottom levels of the Extension and nearby properties.
